

IT'S SO NICE TO MEET YOU, I'M VALERIA YOUR FAMILY PHOTOGRAPHER

Hello and welcome! I'm so excited to be a part of capturing your family's beautiful memories. Whether you're looking to document your pregnancy, your newborn's first days, or create timeless family stories, I'm here to help you create images that you'll cherish for years to come. Here's everything you need to know about working with me, from session types and pricing to booking and preparation.

Some small but important details:

My photography style is all about storytelling. I love incorporating meaningful elements of your family's routine and traditions into our session: reading together, cooking with your partner, a picnic with your favorite foods, flowers, a walk in your favorite park, or the children's most cherished activities. This way, your photos will become more than just beautiful images — they'll tell your unique story.

I focus on natural photography, which means I **don't use Photoshop or heavy retouching**. My approach is authentic, capturing genuine moments rather than posed. I don't work with studio decor, preferring real environments — your home, a park, or a beach — places that truly reflect your family's life.

This is the heart of what I aim to capture —
the moments that make your family special.

CHOOSE YOUR SESSION

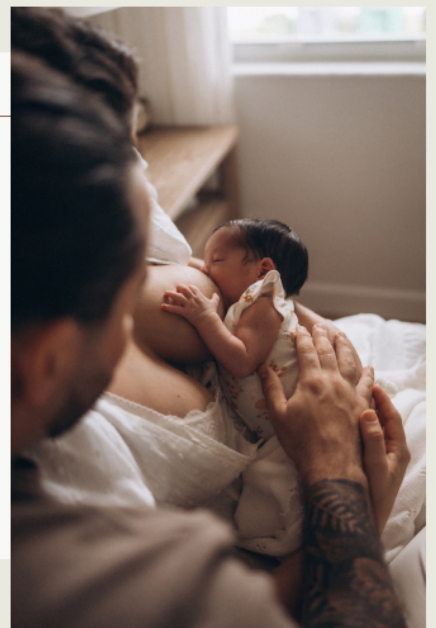

Maternity Session (25–32 weeks)

This is the perfect time to capture your pregnancy glow and celebrate this special time. We can shoot in the comfort of your home, outdoors, or at a location that holds meaning for you.

Newborn Session (first 14 days)

Newborn sessions are best scheduled within the first two weeks of life, when your baby is still sleepy and easy to pose. These sessions can take place in your home, capturing your baby's natural environment and moments of love and tenderness.

*Book your day at least 2 weeks before your due date.
This will give you enough time to prepare.*

Family Storytelling Session

This session is all about capturing your family's unique story — those everyday moments that are so important and filled with love. It's about the beauty in the routine: bathing the little ones, cooking together, reading a favorite book, playing cherished games, or simply snuggling on the couch. These small, yet meaningful moments are the heart of your family's life, and that's what we'll preserve through the lens.

A FEW DETAILS ABOUT YOUR PHOTOSHOOT:

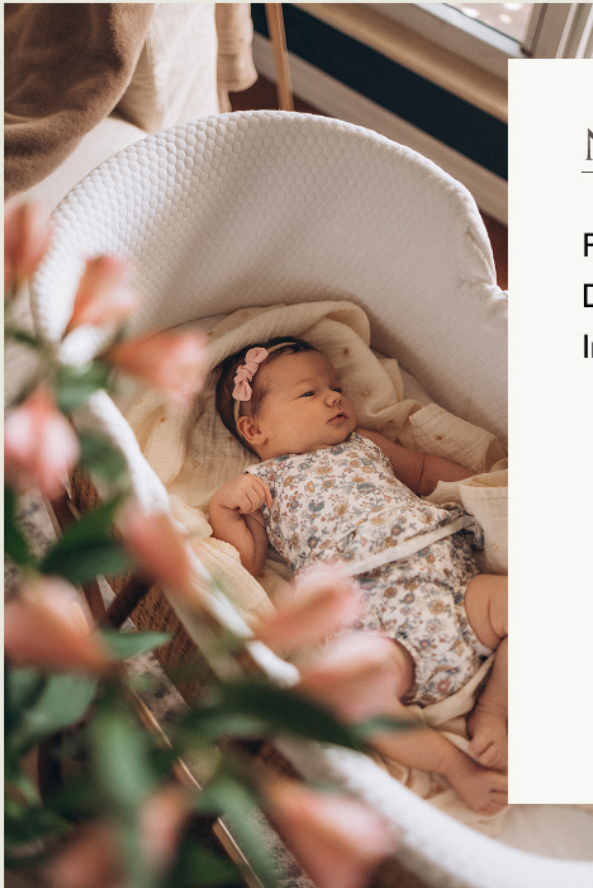

Outdoor Sessions: For outdoor shoots, I recommend scheduling either **2 hours before sunset** or **2 hours after sunrise** for the most flattering natural light.

Indoor Sessions: If we're shooting indoors, we'll aim for the time of day when the room is filled with the **most natural light**.

Newborn sessions are only available in the comfort of your home, to ensure a peaceful and intimate experience for both you and your little one.

Beach photo session is only available 1.5 hours after sunrise or 1.5 hours before sunset. I do not photograph on South Beach and Sunny Isles Beach. I highly recommend booking a weekday to avoid the crowds on the beaches on weekends.

PREPARING FOR YOUR SESSION

The first step is to select and book your session. During the booking process, I'll ask a few questions to better understand your vision. If we're planning an in-home session, I kindly ask you **to share a few photos of your space**, which will help me prepare and get oriented more efficiently.

Once your session is booked, I will provide you with a detailed plan, recommendations, and a visual guide to help bring our creative vision to life.

RECEIVING YOUR PHOTOS

Your photos will be delivered within **7 business days**. Should it be a high season, and additional time is required to ensure the highest quality editing, I will promptly inform you of the updated completion date.

If your package includes a printed album, please note that the production process takes approximately **14 days** following your approval of the final design.

TERMS & CONDITIONS

Rescheduling: Life happens, and if you need to reschedule, please let me know at least 48 hours in advance. We'll find another suitable date.

Cancellation: I do not require a deposit for my services. Payment is made after the session, either in cash or via Zelle. I believe in fostering trust and building strong, genuine relationships with my clients. And if, for any reason, our paths don't cross, then perhaps it simply wasn't meant to be.
